

A NEW LOOK FOR YOUR BILL.

- Account Number & Invoice Number** — All information associated with your account can be found by referencing these numbers when calling customer service. Your billing telephone number will no longer be listed on your bill. Please use your account number for all matters pertaining to your GSC account, such as correspondence, payments, and electronic banking information.
- Contact Us** — This area details the different ways you can reach us for support either by phone, online, or visiting our office.
- Statement Date and Summary of Charges** — this area of the bill details the billing date and total current charges as well as any previous balance and payments made. Payment is due upon receipt and this is noted in this area as well. We bill in arrears, so your current charges always reflect services received during the prior billing period.
- Service Details** — This section provides a detailed listing of the items that make up your bill total, including service charges from GSC as well as assessments and taxes from various governmental entities.
- Your long distance telephone service provider will be noted in this area.**
- Important Account Information** — This section will feature important updates to your account and new services available to you.
